

I have been involved in animal welfare since 2005, as a rescuer and feeder, helping cats and dogs in need.
Over the years, I have helped more than 250 cats and 60 dogs and have seen over 100 rescued animals find their forever homes. Animal rescue has given me years of hands-on experience and taught me that meaningful change takes commitment, compassion and teamwork.
Since joining F5 in November 2025, I have been grateful to work alongside people who share the same dedication to animal welfare. I truly believe that we cannot exist without one another.
As part of F5's Malaysia's EXCO, I hope to contribute my experience and help shape a kinder, more practical and sustainable future for Malaysia's street animals.
