

I am a doctor, rescuer and feeder, and have been caring for street animals since 2023. Through my work, I have developed strong leadership and communication skills, along with medical knowledge that I hope to put to good use in supporting F5's mission.

I also use my platform, adoptadogkl, to help find loving homes for street dogs. I am grateful to have been successful in helping dogs find their forever families through adoption.

As part of F5 Malaysia's EXCO, I hope to bring my diverse experiences and skills to the team. I look forward to working together to make a meaningful difference in the lives of Malaysia's street animals.
